

Web Intelligence XIR3 Advanced Report Design Workshop

This BusinessObjects Workshop will teach you how to effectively design your reports using some of the advanced features of XIR3.

Who should attend?

The target audience for this course is report designers who are experienced Web Intelligence users and who need to create complex Web Intelligence documents.

Delegates will be able to

- Apply alternative query and reporting techniques when creating complex Web Intelligence documents
- Create combined queries and use sub-queries
- Use character and date string functions, create variables using 'If' logic, and redefine calculation contexts
- Link Web Intelligence documents using the hyperlink functionality and also create their documents using various SAP data sources

Prerequisites - Webintelligence Accelerator, Webintelligence Reporter

Additional education - Universe Design

Duration - 1 Day

Price - £450 Per Delegate

Topics covered

- Reviewing Web Intelligence core report design
- Working with advanced query techniques
- Working with calculation contexts
- Creating formulas with character and date string functions
- Using If logic
- Working with additional reporting techniques
- Creating hyperlinks
